YOU DO THIS WHEN YOU WANT - Hope you organize with others ( Small Group! )

### Instruction Key

St – Street            Ave – Avenue

R- turn right ( usually 90 Deg.)

L – turn left ( usually 90 Deg.)

AR – acute right turn(more than 90 Deg)    AL – acute left turn (more than 90 Deg)

BR – Bear Right (usually at Y in road)        BL – Bear Left ( usually at Y in road )

S @ TS – straight at Traffic Signal, L at TS- left at Traffic Signal, R @ TS- right at Traffic Signal

S @ Stop – Straight at Stop sign, L @ Stop-left at Stop sign, R @ Stop – right at Stop sign

R first Av. – turn right first available        L first Av. – turn left first available

R @ T - turn right at T intersection you come to from the bottom.

L @ T - turn left at T intersection you come to from the bottom.

Merge onto - as it says, Merge into traffic on road you're entering

Immediate L or R – execute Left or Right turn right after last direction (usually comes quick! )

Directions usually contain full or partial road names or numbers

There are NO dead ends or NO Exit roads used, so If you come to an intersection with 2 of these, you go the "only way " you can. I may give to directions even tho it may be unnecessary. "Common sense" applies.

I suggest Striking off each instruction after execution.

OBEY traffic rules and Speed limits, Drive carefully and Watch for Cyclists & Large Trucks
